

I am writing to express my concern that an expansion of LPFM service would allow new LPFM stations to take priority over current FM translator service. My favorite radio station is K-LOVE which is heard throughout the nation, frequently on FM translators. It is the only station my family and I listen to. L-Love serves my family and the local community in so many ways. It provides wholesome entertainment which is hard to find these days. It notifies me of local needs, concerns and events as well keeping me connected to the larger community and world I live in. Without it, the community would lose a valuable resource, especially for nonprofit organizations that are able to use K-Love to advertise their events. I strongly believe it is in the public interest to keep K-Love on the air by protecting the use of FM translators. I feel so strongly about the positive impact K-Love has on my life and the life of my community that I have been a financial supporter of years. Please protect the airways for stations like K-Love(105.5)!!
